How EPA of Franklin come up w/ recycling  
 #s - we need to talk to a tech  
 person of Franklin before going to  
 EPA  
 Sean & Jimmy will task Pete

Gov/Tech Mtg 1/21/94

## Franklin Study

## Draft report

- Question report of how data used
- Makes it complicated
- Makes it look like conventional & Contract are equivalent
- Don't use equivalent starting & ending points for conven & Contract
- Key paper - Plastic Lumber & Paper

## AG's opinion -

Tyrolsis ruled as incineration - 10 pg opinion

- CA - after 1995, communities can get credit for diversion if send plastics to thermal processing
- Board officers to decide whether to challenge in court

## Board Mtg &amp; Key Plans - Customers

- Itwin's presentation

Twain "We are committed to the activities, but not committed to the results." **NOTES**

(2)

Not able to adequately brief the Board on issues of concern

- Two year agree w/ Twain
- Make them self-sufficient

GMA - Mtg Feb 17

Kim Vollbrecht - level of commitment - what will you do in 2 years

Told GMA & NPA that E.D. letter stands, but if infrastructure crumbles - all bets are off

- We won't shore up programs that fail
- Disconnect between E.D. & Twain

Options for increasing Recy rate in OR

- No agree w/ counties
- No long-term commits.

Equipment to BTL - Dirty MRF

- Won't happen
- Increase amount of milk jugs being collected

\* Our progress in OR is being closely watched by grocery mts as they use this information to position themselves legally in the state of OR

Meeting w/ DON, CUD & Simmons to discuss these things
